Product: Low Flow Electronic Pressure Regulator

Part Number: LFR-2512-0505-NR4

Pressure Range: 0 to 25 psig	Filtration: 40 Micron Recommended
Control Signal: 0 to 5 volts	Response Time: < 250 milliseconds F.S.
Feedback Signal: 0 to 5 volts	Operating Temp: 32-150 °F or 0-65 °C
Power: 12 volts	Max Flow: 6 slpm / .25 scfm @ 100psi
Regualtor Type: Non-Relieving	Pressure Accuracy: +/- 1% or less (Full Span)
Port Type: 1/4 inch FPT	Internal Valves: Proportional
Current Required: 90 mA to 180 mA	Weight: 1.0 lb

### Wiring Details

Brown: Power Voltage

Blue: Ground

White: Control Signal

Black: Feedback Signal
